

# SKILL AND JOB RECOMMENDER

## Anbaran's Idea

- Addition of attended interviews to the resume.
- Relevancy based upon any attended internship.
- Bot assistant and chatbox for user's comfort.

## Santhosh's Idea

- Having separate search algorithms for:
  1. Global job aggregators
  2. General job aggregators
  3. Niche job aggregators
- Proper algorithm to reduce job seeking time.

## Tavamani's Idea

- Better jobs with the same skill.
- Asking for feedback and ratings from the user.
- Providing the complete details related to the companies.

## Aravind's Idea

- Salary rate comparisons for filtering
- Job fair recommendations for the awareness of the candidates.
- Checking falsified information.
